

## Automation Engineer

Established in 1888, WCB is a subsidiary of one of the world's largest dairy companies, Saputo Inc. We are one of Australia's largest milk processors at the forefront of the Australian dairy industry and a dynamic business. We sell high quality dairy products to local and export markets and are well-positioned for continuing growth and development through innovation and investment.

We are seeking a qualified and experienced Automation Engineer to join our maintenance team on a full time basis in Allansford. This position will report to the Maintenance Manager. This role will be responsible for supporting the automation of PLC & Scada systems.

### **Duties:**

- Assist our current automation engineer due to recent site production increases and general site growth
- Accountable for the planning implementation and maintaining of the company's PLC and Scada Systems
- Automation maintenance representative and contact for new projects
- Contribute towards the site process control enhancements
- Maintain and develop Automation Standards
- Assist in maintaining programmed data bases
- Support maintenance personnel with breakdowns, trouble shooting and modifications

### **Essential Criteria:**

- Tertiary qualification in mechanical or electrical engineering with minimum 5yrs experience in industrial automation, manufacturing desirable
- Excellent attention to detail
- Strong forward planning and communication skills, both written and verbal
- Ability to work as part of a team
- Commitment to safe work practices

### **Employee Benefits:**

- Employee Discounts on Company Products
- Salary Sacrificing
- Training & Development Opportunities
- Employee Share Scheme

If you believe you have the necessary skills and experience to meet the above requirements we would like to hear from you. Please submit your application to:
