

Laboratory Analyst

Established in 1888, WCB is a subsidiary of one of the world's largest dairy companies, Saputo Inc. We are one of Australia's largest milk processors at the forefront of the Australian dairy industry and a dynamic business. We sell high quality dairy products to local and export markets and are well-positioned for continuing growth and development through innovation and investment.

We are seeking a qualified and experienced Laboratory Analyst to join our Chem Lab on a full time permanent basis, at our Allansford site. This position will report to Laboratory Supervisor.

The purpose of the Lab Analyst will be to This will include generating accurate and timely test results via the use of approved test methods ensuring compliance to safety, testing and quality requirements.

Duties:

- Analytical testing of dairy products on a daily basis in order to achieve product turnaround and clearance requirements.
- Performing routine intra and inter laboratory comparison tests to monitor laboratory performance;
- Reporting test results in a written legible manner and inputting data into the SAP Quality Management System as required.

Essential Criteria:

- Commitment to safe work practices and procedures
- High attention to detail
- Strong communication skills.
- Tertiary qualifications in a science-related discipline would be highly regarded, as would experience with Dionex and/or Waters HPLC systems, Kjeldahl protein analysis and enzymatic testing methods

Employee Benefits:

- Employee Discounts on Company Products
- Salary Sacrificing
- Training & Development Opportunities

If you believe you have the necessary skills and experience to meet the above requirements we would like to hear from you. Please submit your application to:
