

Laboratory Analyst—Micro (Casual)

Established in 1888, WCB is a subsidiary of one of the world's largest dairy companies, Saputo Inc. We are one of Australia's largest milk processors at the forefront of the Australian dairy industry and a dynamic business. We sell high quality dairy products to local and export markets and are well-positioned for continuing growth and development through innovation and investment.

We are seeking an experienced Laboratory Analyst to join our Quality team at our Allansford site. This position will report to the Laboratory Supervisor.

Working within a highly motivated team, you will be responsible for the accurate analysis and recording of results conducted on our product samples. This will include generating accurate and timely test results via the use of approved test methods ensuring compliance to safety, testing and quality requirements.

Duties:

- Analytical and/or microbial testing of dairy products daily in order to achieve product turnaround and clearance requirements;
- Performing routine intra and inter laboratory comparison tests to monitor laboratory performance;
- Reporting test results in a written legible manner and inputting data into the Laboratory Management Systems as required.
-

Essential Criteria:

- You will have a high attention to detail.
- Excellent verbal and written communication skills.
- You are committed to safe work practices and procedures.
- Tertiary qualifications in a science-related discipline would be highly regarded as would prior laboratory experience, and use of LIMS and SAP systems.

Employee Benefits:

- Employee Discounts on Company Products
- Training & Development Opportunities
- Employee Share Ownership Plan

If you believe you have the necessary skills and experience to meet the above requirements we would like to hear from you. Please submit your application to:

Email: aus.recruitment@saputo.com

Applications close Friday 25th May, 2018
