

Laboratory Analyst

- Casual position
- Multi National Company
- Competitive salary

Saputo Dairy Australia is the largest dairy processor in the country producing a range of high quality products including delicious cheeses, drinking milk and culture products under renowned brands such as Devondale, COON, Great Ocean Road, Sungold, Liddells and Cracker Barrel. We are committed to bringing the very best choice of products to tables in Australia and around the world.*

We are seeking a qualified and experienced Laboratory Analysts to join our Micro & Chem Lab teams at our Allansford site.

Reporting to the Laboratory Supervisors, the purpose of the Laboratory Analyst is to generate accurate and timely test results via the use of approved test methods ensuring compliance to safety, testing and quality requirements.

Duties:

- Analytical testing of dairy products on a daily basis in order to achieve product turnaround and clearance requirements.
- Performing routine intra and inter laboratory comparison tests to monitor laboratory performance;
- Reporting test results in a written legible manner and inputting data into the SAP Quality Management System as required.

Essential Criteria:

- Commitment to safe work practices and procedures
- High attention to detail
- Strong communication skills.
- Tertiary qualifications in Food science or equivalent would be highly regarded, as would experience with Aseptic technique, HPLC systems, Kjeldahl protein analysis and enzymatic testing methods

Employee Benefits:

- Employee discounts on company products
- Salary sacrificing
- Training & development opportunities
- Employee share ownership plan
