

Plant Manager - GOI

Great Ocean Ingredients (GOI), is a joint venture company between Saputo Dairy Australia (SDA) and Dutch dairy company FrieslandCampina Domo, located in Allansford Victoria. The Joint Venture was established in 2007, with the production facility officially opened in May 2009. With one of the largest GOS manufacturing plants worldwide, the plant helps to meet the growing demand for prebiotic Galacto-Oligosaccharides (GOS) for use in the Infant Formulae, Medical and Food Industry worldwide. Using SDA's permeate as raw material, the plant operates with the latest technology, applying the highest food safety and quality standards.

Reporting to the Regional Director of Operations, the Plant Manager will manage the efficient and safe operation of the GOI facility and will play an important role in supporting the team toward achieving overall operational goals. GOI operates with state of the art production facilities with competent and loyal staff working in a team orientated environment.

The key objectives of this senior leadership role are;

Duties:

- Strong stakeholder management with all parties involved in GOI facility
- Continuous process and quality improvements in close cooperation with Joint Venture partners
- Managing service agreements with the Joint Venture partners
- Leadership in training, team motivation and project management

Essential Criteria:

- Strong leadership, with a safety, quality and customer focus
- Ability to manage and build strong teams
- Experience in monitoring operational and financial performance
- Excellent communication skills, reporting, negotiation and project management skills
- Either a degree in a relevant field or looking to build on your proven management experience within a complex production environment

Employee Benefits:

- Employee Discounts on Company Products
- Salary Sacrificing
- Training & Development Opportunities
- Employee Share Ownership Plan
